

Yaesu 1000 MP Mark V mod.

Here is the new mod for the Yaesu 1000 MP mark V

Note. Don't touch any other items in menu 9 it will erase the system in the new mark v and ruin it.

1. Press[lock] &[fast] and turn radio on.
2. Press[fast] & [ent] keys.
3. Select [9-9] on the memory channel block by turning [mem/vfo] knob counter clockwise.
4. Select [gen] by turning the main dial.
5. Press and release the [ent] key.

Before	[15]	[000]	[9-9]
After	[gen]	[000]	[9-9]

To restore amateur bands only.

1. Press [fast] & [ent] keys.
2. Select [15] by turning the main dial then press [ent] key.

Same as the old 1000 mp but on the mark v any other menu setting will ruin the system as noted above thanks.
